

Florajet – Hand sprayer

Robust power unit and long distance sprayer

- Wide, voluminous spray mist
- Very fine and constant spray pattern (due to the piston pressure up to 20 bar)
- Quick to use, easily cleaned
- Adjustable nozzle with up to 5 m reach (optional available)
- Ideal for roses, trellis, bushes and small trees

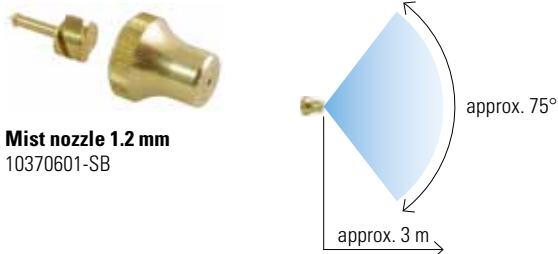

Made in Switzerland

Unique Birchmeier features

Small trees, bushes, trellis or rose beds: Wherever plants have to be sprayed with a small quantity, the Florajet is the ideal solution. The powerful piston pump (20 bar) delivers a high volume with a fine troplet spray. A distance up to 3 m can be reached. The result: Excellent surface coverage and good penetration even through thick foliage. Quick to use, easily cleaned. A perfect complement to hand sprayers, larger compression sprayers or backpack sprayers.

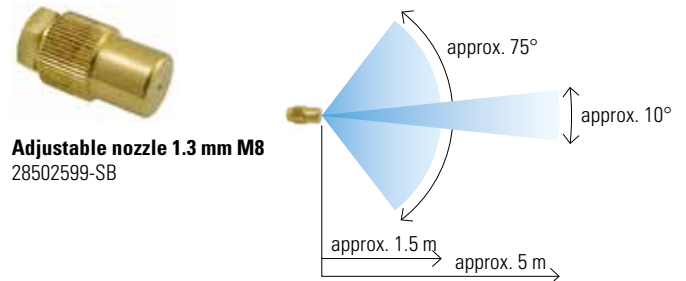

Standard nozzle

Tip: Take the spiral core out of the standard mist nozzle and it will give a jet up to 5 meters.

Adjustable nozzle 1.3 mm (optional accessory)
